FOREWORD

This is the second edition of Hartmann's International Directory of Psychic Science and Spiritualism. The compilation of this book represents just what its name implies. It is a Directory and a Book of Reference on activities in Psychic and Spiritualistic Fields.

No endorsement as to qualifications of individuals or activities of any society listed in this Directory is to be assumed by the publication thereof; such information being merely given to indicate how such individuals and organizations are reported to function in their respective activities. No guarantee attaches to any representation made in this book.

It should be the aim of every Society and Individual Worker in the fields covered herein to bring the Directory to the attention of the general public.

All those who desire to aid in the greater distribution of the Directory are invited to communicate with us, and suitable arrangements will be made for the handling of these books.

We will furnish a "For Sale" card to display at meetings to those who wish to take orders for the Directory. It would not be necessary to carry a stock of the books. We will fill orders direct and pay postage, allowing a fair discount on sales made.

This Directory circulates in upwards of thirty different countries, and reflects the activities in Psychic and Spiritualistic fields as no other publication ever attempted to do.

The Directory creates a common meeting ground for all those who are interested in the philosophy or practice of Psychic Science and Spiritualism.

Correspondents are desired in all countries and key cities. Agents throughout the world desiring to handle the Directory for sale are invited to communicate.

Before publication every individual name, church and society is circularized by us, and all post office returns marked "Undelivered" are eliminated from our lists.

It is to be hoped that those who failed to respond to our questionnaires, in consequence of which their activities may not be as fully represented as they might wish, will not inflict their complaints upon us, as happened in a number of instances last year, but immediately file their material for the next issue.

This Directory is not selective. All are welcome to make use of its pages within the scope of the subjects covered therein.

All changes of addresses should be reported promptly, and new material should be submitted to us without delay. All material and advertising must be forwarded to us not later than December 1st, to insure insertion in the following issue.

Forms will close on December 15th to enable us to bring out future issues of the Directory promptly on the first of each year.

CONAN DOYLE MEMORIAL

The recent transition of my husband has aroused world-wide sympathy and shown to what an extent he held the hearts of the people. Many of the general public, as well as co-workers with him in his many-sided interests and activities have expressed the desire for a Memorial in recognition of his public and literary work.

Those who feel grateful affection for him wish to fulfill the desire of his heart by establishing and endowing a worthy Memorial in London, not only as a focal point of the Spiritual and Psychical Truths to which he so unselfishly devoted his time and energy, and for which he sacrificed his last strength, but also as a veritable ENGLISH HOME OF WELCOME FOR ALL of like thought visiting London from the Provinces and Overseas, of whatever nation—a home of sympathetic guidance, consolation and enlightenment for the man in the street at times of despairing enquiry, and the bereaved in their hour of need for comfort and assurance.

Such an institution would include, besides hospitable and congenial accommodation, a Bureau of Information regarding Spiritualistic Societies and Communities not only in London and the Provinces, but in all parts of the world, and particularly for introducing visitors to the interests most appealing to them. It is desired also to provide a Fund of Benevolence for old and distressed workers.

Realising the distinct yet potentially co-operative fields of action in Physical Science, Psychical Research and Spiritual Truth, the proposed Centre will greatly assist in unifying and utilising the points of contact in each, emphasising throughout the universal power of the Spirit. It will prove a Clearing House for spreading the results of Psychical and Spiritual investigation throughout the world. The ideal of the inception of the Memorial may be described as devoted service to the highest and best interests of all.

The support of all who believe in the recognition of man's Spiritual nature and the fact of personal survival is confidently looked for in order that the Memorial shall truly represent the interests of the whole Movement, and form a great step in the direction of world peace. Even those admirers of Sir Arthur Conan Doyle who do not at present subscribe to his convictions will agree that Truth and Justice were his dominating characteristics, for he fearlessly fought for them, sacrificing time and money when he saw that he could aid anyone suffering under injustice. His literature was white throughout — no yellow streaks to drag down and leave a taint in the mind. He gave to the world of his best, and of his great heart and of his great mind. Those who would show their appreciation of the pleasure they have derived from his books, and of a great and noble Englishman, will undoubtedly wish to be associated with a Memorial which would fulfill the dream of his heart.

THE SURVIVAL LEAGUE

Founded and Organized by Mrs. C. A. Dawson Scott of 125, Alexandra Road, London, N.W. 8.

The following announcement was issued in London, November, 1929:

In drawing your attention to the Survival League we, as representing the Executive Committee and General Council, wish to make it clear that this is no new society, as such; but an attempt to link societies already in existence and all people outside those organizations who have had definite proof of SURVIVAL. No group or individual linked with the SURVIVAL LEAGUE can be asked to subscribe to any but the one tenet of a belief in Survival as proven and demonstrable. By uniting, however, they will be able to give a unanimous answer to the greatest of all questions: "Life after Death through established communication with those who have died"—and union is strength.

We ask your co-operation as a society, accepting Survival as a fundamental basis of existence, to make this League the power for good which it may become if those who have this definite proof will join, irrespective of what their religious or other views may be.

EXECUTIVE COMMITTEE:

Chairman, H. DENNIS BRADLEY; MAURICE BARBANELL, JULIA CANNAN, F. FIELDING-OULD, NOEL JAQUIN, FRANK WHITMARSH, TREVOR BLAKEMORE, SHAW DESMOND, DAVID GOW, ESTELLE STEAD.

COUNCIL:

OLIVER BALDWIN, H. N. BOLTON, W. R. BRADBROOK, STANLEY DE BRATH, QUENTIN CRAUFURD, A. CONAN DOYLE, CONSTANCE HOLME, L. LIND OF HAGEBY, G. R. S. MEAD, HERMON OULD, MRS. ST. CLAIR STOBART, MR. SIMPSON, H. DE VERE STACPOOLE, HANNAN SWAFFER, ANNA WICKHAM, N. P. WILLCOCKS, L. G. McFARLANE.

FOUNDER and ORGANIZER:

C. A. DAWSON SCOTT.

For additional details as to the formation of The Survival League, see section on Spiritualism (England) in this Directory.

The Survival League will make for a common meeting ground for all societies and individuals to whom survival is a demonstrated fact, to the exclusion of any controversial points in psychic or spiritualistic philosophy.

Survival After Death

To be exploited by "The Survival League of America"

(*From the "Spiritualist Monthly," Los Angeles, March,* 1931)

The Survival League of America has been brought into existence through the efforts of Wm. C. Hartmann, editor of the International Directory of Psychic Science and Spiritualism. The League will operate in affiliation with the Survival League of London, England, organized last year by Mrs. C. A. Dawson Scott, as an International Movement in the interest of those who believe in the demonstrability of Survival After Death.

A National Council of 100 has been formed for the Survival League of America, which embraces the names of many prominent individuals from otherwise divergent fields of thought.

Among those on the National Council are Astrologers, Rosicrucians, Theosophists, Christian Mystics, as well as Psychical Researchers and avowed Spiritualists. Their locations extend from Coast to Coast, and Canada, Cuba and Mexico are also represented.

The roster of names includes such well known personalities as Evangeline Adams, the famous Astrologer; Mrs. Max Heindel, leader of the Rosicrucian Fellowship; Count Louis Hamon ("Cheiro"); F. Homer Curtiss, founder of the Order of Christian Mystics; Will Levington Comfort and Gordon MacCreagh, the well known writers; Robert Collier, the New York publisher; Dean Frederick Edwards, Swami Yogananda, Anna Louise Fletcher, John Henry Remmers, Dr. Frank L. Riley, Charles Victor Miller, Lucy McDowell Milburn, Dr. E. J. Stevens, Rev. Owen Washburn, Mrs. M. E. Cadwallader, editor of *The Progressive Thinker;* James Abbott and Mrs. Mary Ridpath Mann, both former editors of the *National Spiritualist;* Dr. B. F. Austin, editor *Reason;* Kevah Griffis and Mrs. Felicie O. Crossley, editor *Spiritualist Monthly.*

Among the Psychical Researchers are such well known investigators as Dr. Titus Bull, president of the James Hyslop Foundation; Frederick Bligh Bond, editor of "Psychic Research," the official organ of the American Society for Psychical Research; Dr. Carl A. Wickland, President of the National Psychological Institute of Los Angeles; Joseph De Wyckoff, trustee of the American S. P. R.; Gertrude Ogden Tubby, who was Dr. James Hyslop's secretary; Dr. Henry Hardwicke, Mrs. Helen C. Lambert and Dr. Gustave J. Pagenstecher.

The names of twenty-four different editors appear on the roster, covering practically every prominent Psychic and Spiritualist publication in the United States, as well as Dr. C. O. Haas, editor of the Journal on Vedic Research; Mrs. Max Heindel, editor of *Rays of the Rose Cross,* Oceanside, Cal.; Mrs. Marie Russack Hotchener, editor of *World Theosophy,* Los Angeles; Edward S. Martin, of "The Editor's Easy Chair," *Harper's,* New York; Mrs. Laurel Miller, editor of *Astro-Logic,* New York; John J. O'Neill, Science Editor, *The Brooklyn Daily Eagle,* Brooklyn; Swami Yogananda, editor of *East-West Magazine*, Los Angeles, and Mrs. Ada Muir, editor of *The Torch*, Vancouver.

Mr. Hartmann has quite ambitious plans for the future activities of this league, including an educational department for students, investigations of mediumship, public lectures, publications, seances for members, and he hopes soon to have established a New York headquarters with commodious rooms for the use of its members, with an elaborate library and reading room, meeting rooms as well as specially appointed seance rooms where appointments can be made with accepted mediums, and seances held.

It is intended to organize subsidiary State Leagues, which in turn will inaugurate Local Chapters in various cities. Since members are asked to subscribe to one tenet only—that of "Belief in the Demonstrability of Survival After Death"—it is reasonable to assume that thousands of believers will flock to Mr. Hartmann's support in this project, as they can readily meet on the common ground of that platform, though holding otherwise different views.

Miss Florence Robinson Haven, formerly Executive Secretary of the American S. P. R., is the Executive Secretary of "The Survival League of America." The names of other officers and trustees will be given out shortly.

For the present, all communications should be addressed to Wm. C. Hartmann, the National Organizer and Director, at P. O. Box 29, Jamaica, N. Y., from whom the names comprising the National Council may be obtained.

The regular membership fee has been placed at only $2.00.

Those who accept the facts of SURVIVAL AFTER DEATH and communication between the two worlds will agree that these truths bring comfort to those in trouble and give purpose to lives that might otherwise appear futile.

The SURVIVAL LEAGUE has been organized to provide a platform for people of otherwise divergent views who hold this basic belief, and all those who will subscribe to the belief in

WANTED

An Endowment of $500,000.

to establish a

NATIONAL LABORATORY

for Psychical Research

in America

William Ewart Gladstone, the famous English Premier, said: "Psychical Research is by far the most important work that is being done in the world."

The Literary Digest states: "The public giving to education is perhaps the most adequately recorded, says Mr. Furst, and he informs us: 'The United States Bureau of Education reports the increase between 1900 and 1926 of the equipment of our universities and colleges from 162 to 1,356 millions in dollars, their endowments from 147 to 938 millions.' "

BUT WE HAVE NO LABORATORY FOR PSYCHICAL RESEARCH.

Professor Charles Richet, eminent scientist of France, said in 1927: "Our science (psychic) has taken its place among the classical sciences, officially recognized, since it now has its seat at the Sorbonne, that jealous guardian of tradition, which for five hundred years has represented all the universities of France."

What greater boon could one give to humanity than to demonstrate survival of human consciousness after so-called Death?

Who will immortalize him/herself in founding a National Laboratory for Psychical Research in the United States?

Eminent scientists and researchers will come forward to act on the Council of such an institution.

SPIRITUALIST CAMPS

Cassadaga, Fla.

SOUTHERN CASSADAGA SPIRITUALIST ASSOCIATION (THE SISTER CAMP OF LILY DALE). Thirty-seventh Annual Assembly, January 4th to March 29th, 1931.

The Cassadaga Spiritualist Association was organized in 1893 and has held a Winter Assembly each year since that date. It has presented on its program many of the most renowned lecturers and psychics in the world. It has entertained many prominent Spiritualists from all parts of the United States.

The Association is not incorporated for profit, but owns its grounds and all the buildings necessary to conduct its sessions. The principal meetings are held in the beautiful auditorium which has a seating capacity of 600. The rostrum will accommodate 80 persons when necessary for large concerts or other entertainments.

Cassadaga is centrally located, 120 miles south of Jacksonville; 140 miles north of Tampa; 42 miles north of Orlando; 30 miles west of Daytona Beach, and 7 miles southeast of Deland. The nearest railroad station, express and telegraph office is at Lake Helen ¾ of a mile distance, over the East Coast Railroad. On the Atlantic Coast Railroad, the nearest point is Deland Junction.

The Association owns and operates its own water system which gives fine service for domestic use and fire protection. In quality it ranks with the Orange City water which is world-famed for purity. This is a leading factor in giving to Cassadaga its enviable reputation as a health center.

Nature has done much for Cassadaga. Situated less than 20 miles by air line from the ocean, the pure ozone comes to us from the sea, through the pines, giving us an assurance of health giving atmosphere.

It is located in the rolling pine lands of Western Volusia County at an altitude of 65 feet above sea level. It is the highest point east of the St. Johns river.

Officers: President, Elizabeth Harlow Goetz, Philadelphia, Pa.: Vice-President, Esther C. Humphrey, Washington, Pa.; Secretary, C. Worthington Smith, Cassadaga, Fla.; Treasurer, F. Gordon White, Cassadaga, Fla.; Trustees, John Thomson, Jr., Philadelphia, Pa.; Mrs. Lizzie Beers, Springfield, Vt.; Dr. John J. Heitz, Orlando, Fla. Chairman, Mrs. Esther C. Humphrey; Musical Director, Mrs. Hazel Cassell; Entertainment Director, Mrs. Charlotte Walters.

Chesterfield, Ind.

CHESTERFIELD, SPIRITUALIST CAMP. This camp is like a beautiful modern city, laid out amid shady groves. A broad expanse of scenic beauty greets the visitor upon entering its gates. This beautiful camp seems to have been providentially preserved for "The Manifestation of Spirit." It is situated forty miles northeast of Indianapolis, and lies between Muncie and Anderson, Indiana, on State Highway 67.

Chesterfield has been the Mecca of Spiritualism for half a century, having placed most talented and well-known Mediums and Lecturers in the field upon its platform.

The season for 1931 extends from July 19th to August 30th, and the Camp offers all city conveniences, there being two large hotels, a library, large auditorium, and bazaar. It is supplied with wonderful healthful water, electric lights, beautiful homes, together with ample stores and eating places.

The efficient Band of Working Mediums, trumpet, clairvoyant, slate writing, trance and materialization are busy daily serving the masses who come to spend their vacations in the shady Grove, and find sweet repose and comfort in communicating with their loved ones, who have gone before and entered the land of Spirit, which is all around us and interpenetrates our own world.

Chesterfield Camp has gone down in history, never to be forgotten, because of the exceptionally talented mediums brought there to serve the public during the summer seasons and ample provision has been made to care for the crowds. A College is being inaugurated there which in time will be a great center where the phenomena and philosophy of spiritualism will be scientifically taught—a much needed "College" indeed.

The working Mediums for the 1931 season are: Mrs. Laura Pruden of Cincinnati, Ohio, slate writing medium; Mable Riffle, Secretary of the Camp, and also medium; Mr. W. E. Hart of Indianapolis, Ind., trumpet medium; Mr. Jewett P. Clark, trumpet and clairvoyant; Nettie Nichols, Chesterfield, Ind.; Mary Langley Beattie, trumpet and materializing; Rev. Anna Throusden, clairvoyant and trumpet; Mary Murphey Lydy, trumpet and clairvoyant; Rev. Nina Challen Richards, trumpet and clairvoyant; Rev. Mamie Shulz, trance and clairvoyant; Rev. Nellie Curry, clairvoyant and trance; Rev. Anna Dennis, trumpet and clairvoyant; Ethel Post, trumpet and materializing; Mrs. Blanch Edwards, trumpet; Mr. Leopold Lee, crystal and trance reader; Rev. Etta Bledsoe, speaker and clairvoyant; Evyline Burnsides, trumpet; Bertha Hamilton, trumpet and materializing; and Anna E. Strong, trumpet.

Chesterfield bids you Welcome.

Etna, Maine.

ETNA SPIRITUALIST ASSOCIATION. This Association was formerly known as the First Maine State Spiritualist Campmeeting Association, is situated in a most beautiful spot in northern Maine, eighteen miles from Bangor, on the State road.

Its splendid groves, excellent water and wonderful atmosphere, make it an ideal spot in which to come in touch with the best that life holds for us.

For fifty-four years in continuous succession a camp-meeting has been held beginning with the last week in August continuing for fifteen days. The dreadful fire of 1922 when nearly one hundred buildings were swept away, did not even break up one meeting.

Thousands annually visit this shrine of Spiritualism, where Nature with her lavish hand has left the touch of the beautiful everywhere. Visitors from every State in the Union honor the Camp with their presence. It is easy of access, boasts of a good hotel, and has cottages and rooms to let. Everyone is made comfortable and happy.

The President of this Camp is Abraham Lincoln Blaisdell of Winterport, Maine. Vice-Presidents, Mary Hobbs Jones of Bangor, Geogia A. Duncan of Portland, Maine. Secretary, Mary Drake Jenne, Camp Etna, Maine, Treasurer, Byron C. Hodgkins of Bangor, Maine.

Submitted by Mary Drake Jenne.

Lake Pleasant, Mass.

NEW ENGLAND SPIRITUALIST CAMP MEETING ASSOCIATION. Secretary, Rev. Albert P. Blinn, Lake Pleasant.

Lake Pleasant, Mass., on the Boston & Maine Railroad, a few miles off the famous Mohawk Trail. Lake Pleasant, the home of the National Spiritual Alliance, broadcasts its invitation to all seeking a restful vacation where there is beauty of lake and hills. Here may be enjoyed warm sunny days and cool nights when the scent of the pines woo the restless to health-giving sleep. The hotel, Trolley Inn, and private homes furnish comfortable lodgings, while the Tea Room furnishes viands for the hungry. Here, during July, at Alliance Temple are well known Mediums, and in August the New England Spiritualists' Camp Meeting is in session.

Lily Dale, N. Y.

LILY DALE ASSEMBLY. Largest Spiritualist Assembly in the world. Annual Summer Sessions since 1880.

Beautiful Lily Dale. Scarcely two hours' drive from the city of Buffalo, nestled in the famous Chautauqua hills, surrounded by the scenic beauties which the Creator giveth unto man, is Lily Dale—a place of beauty which surpasseth the fondest hopes and expectations of the idealist. It is a gem in its setting of natural beauty. Its shores are washed by silvery waters that gush from springs and form a chain of lakes which lie confidingly in the valley between the wooded hills. Fully five hundred feet above Lake Erie, back from the main road and free from the turmoil of industry and commerce, it is an ideal place to spend your vacation. Noted leaders of thought and world famous teachers of Spiritualism grace its platform and teach its summer classes, and mediums of renown demonstrate the various phases of mediumship.

Points of Interest: Forest Temple, where beneath the sheltering boughs of sturdy trees, two very interesting meetings are held each day; Inspiration Stump, located in Leolyn Woods, where meetings are held at regular intervals; the new Skidmore Library Building, containing one of the most complete and well selected collection of books pertaining to Spiritualism; the Andrew Jackson Davis Memorial Lyceum, exclusively devoted to the education of the young, and fitted with every appliance and facility for the education and comfort of children; the Auditorium, where public meetings are held; and the Fox Cottage, which originally stood at Hydeville, N. Y., and was purchased and moved to the Lily Dale Assembly grounds through the generosity and public spirit of Mr. B. M. Bartlett, etc.

Accommodations: Scores of cottages and homes are ready to give you shelter and the cafeteria furnishes the best of wholesome food. Rooms are bright and airy and have comfortable beds. Naturally those who desire gaiety and contact with numbers of people go to the LEOLYN or the MAPLEWOOD, but those who seek seclusion or a quieter life go to the boarding houses or locate with the public-spirited residents who throw open their homes to visitors during the camp season. Hospitality is dispensed most naturally and courteously. The spirit of good-fellowship prevails and the newcomer joins in all the functions and plays his part in all activities.

Outdoor sports, tennis, boating, bathing and fishing present diversions from the daily program while circles, card parties, dances and concerts provide a continuous round of entertainment in the evening and attract the young by hundreds which adds much to the life and gaiety of the camp.

Officers: President, Mrs. Esther C. Humphrey, George Washington Hotel, George Washington, Pa.; Vice-President, William Elliott Hammond, Lily Dale, N. Y.; Secretary, William A. Johnson, Lafayette Bldg., Buffalo, N. Y.; Treasurer, Walter Bould, Dunkirk, N. Y.; Trustees: Mrs. Elizabeth Harlow Goetz, Eugene Heath and Dr. A. Dewitt Gritman, Philadelphia, Pa.

Psychic Science Comes Into Its Own

(From *"Light,"* London, issue of October 8th, 1927, p. 481)

MESSAGE TO "LIGHT" FROM PROFESSOR RICHET

Professor Charles Richet, general president of the Paris Psychic Congress, has kindly sent a message to LIGHT, of which the following is a translation:—

"The International Congress of Psychic Science (or, rather, Metapsychics), held this year at the Sorbonne, is a sign of the times. Our science has taken its place among the classical sciences, officially recognised, since it now has its seat at the Sorbonne, that jealous guardian of tradition, which for five hundred years has represented all the universities of France. It is to be noted that university professors, especially those of Germany, are well represented. We have professors from Bonn, Leipsic, Giessen, and Munich Universities respectively; this also is a sign of the times. The lectures have been numerous and highly scientific—few theories, many facts. The experimental method, based on discoveries of contemporary physics, has place of honour.

"It is a long time since psychic science was solely in the hands of incompetent or fanatical persons. It has at last been understood that, in order to be able to discuss the matter suitably, one must have a *specialised* education. One no longer becomes a metapsychist extemporaneously, any more than one can become an extemporised astronomer or geologist. However, the metapsychists have not been backward, for the facts brought forward by the Spiritualists have been developed to their full.

"We hope that LIGHT, the advance-guard of this knowledge (formerly called 'occult') will give some space to all the lectures given by savants from Paris, Warsaw, Athens, Riga, Berlin, Bonn, Prague, Brussels, Milan, Genoa, Giessen, Leipsic, London, and New York. It will be seen that the congress is entirely international."

"IF"

By B. F. AUSTIN

IF I can throw a single ray of light
Across the darkened pathway of another;
If I can aid some soul to clearer sight
Of life and duty, and thus bless my brother;
If I can wipe from any human cheek a tear,
I shall not then have lived in vain while here.

If I can guide some erring one to truth,
Inspire within his heart a sense of duty;
If I can plant within the soul of rosy youth
A sense of right, a love of truth and beauty;
If I can teach one man that God and Heaven are near,
I shall not then have lived in vain while here.

If from my mind I banish doubt and fear,
And keep my life attuned to love and kindness;
If I can scatter light and hope and cheer,
And help remove the curse of mental blindness;
If I can make more joy, more hope, less pain,
I shall not then have lived and loved in vain.

If by life's roadside I can plant a tree,
Beneath whose shade some wearied head may rest;
Though I may never share its shade, or see
Its beauty, I shall yet be truly blest—
Though no one knows my name, nor drops a flow'r upon my bier,
I shall not then have lived in vain while here.

TITLE—LOCATION—OBJECT

Art. 1.—Between the groups adherent to the present statutes it is founded an union which takes the title of "International Spiritualists' Federation."

The Office of this Federation is settled in Paris, in the "Maison des Spirites," 8, rue Copernic, (16e).

Art. II.—The Frederation's treble purpose is:

1o The creation and maintenance of the ties of fraternity amongst the Spiritualists throughout the world regardless of their race, language or nationality;

2o The study together of the Spiritualism and connected sciences under the scientific, philosophical, moral and religious points of view;

3o The propagation of these studies and the diffusion of facts relative to psychic sciences; the mutual teaching and the practice of solidarity, which is the moral basis of Spiritualism.

Art. III.—The Spiritualism is a philosophy based upon abstract scientific notions which fundamental principles are thus stated:

(a) Existence of God, supreme cause of everything, abstract principle without anthropomorphic character;

(b) Existence of the Soul (or Spirit) bound to the physical body during its life by an intermediary element: perispirit or fluidic body;

(c) Immortality of the soul inseparable from its fluidic body;

(d) Communication through the mediumship between the visible and invisible worlds, between the incarnate spirits (living) and discarnate ones (dead);

(e) Continuous and progressive evolution of the spirits towards perfection across multiple sensible manifestations;

(f) Personal responsibility with application of the Casuality Law.

The "International Spiritualists' Federation" declares not to consider as intangible any of the postulates issued from the fundamental principles above stated; it only settles, as a necessary condition of its existence, the affirmation of these principles. It does not impose any tenet, but invites to the study for it is persuaded it offers the formula which responds to the historic needs of our epoch.

1. The investigation of alleged telepathy, visions and apparitions, dowsing, monitions, premonitions, automatic writing and other forms of automatism, as speaking, drawing, etc.), psychometry, coincidental dreams, clairvoyance and clairaudience, predictions, physical phenomena (such as materialization, telekinesis, rapping and other sounds), and in short, all types of mediumistic and metaphychical phenomena.

2. The collection, classification, study and publication of reports dealing with the phenomena designated above, from first-hand acquaintance and seemingly in good faith. Members especially, but also non-members, are asked to supply data or to give information where such may be obtained. Names connected with phenomena must be supplied, but on request these will be treated as confidential.

3. The maintenance of a Library on all subjects embraced in psychical research, and bordering thereupon. Contributions of books and periodical files will be welcomed and acknowledged in the Journal.

4. Encouragement of the formation of local groups in all parts of the country which will co-operate with and report to the American Society; and the encouragement of qualified individuals disposed to give attention to investigation with like co-operation.

History of the Society

The First American Society for Psychical Research was formed in 1885, in consequence of a visit by Sir W. F. Barrett to this country, and Prof. Simon Newcomb became its President. In 1887 the Society invited a man of signal ability, Richard Hodgson, A.M., LL.D., sometime Lecturer in the University of Cambridge, to become its Executive Secretary, and he accepted.

This organization later became a branch of the English Society under the very able guidance of Dr. Hodgson until his death in 1905. The American Society for Psychical Research was then re-established with James H. Hyslop, Ph.D., formerly Professor of Logic and Ethics in Columbia University, as its Secretary and Director.

Official Organ: PSYCHIC RESEARCH is published monthly by the American Society for Psychical Research, Hyslop House, 15 Lexington Ave., New York, N. Y., to which communications, including change of address, may be sent. Entered as second class matter February 18th, 1928, at Post Office at New York, N. Y., under Act of March 3rd, 1879. Yearly subscription, $5.00. Single copies, 50 cents.

THE BALTIMORE PSYCHIC STUDY CLUB. (Founded, 1926.) 1323 Eutaw Place, Baltimore, Md. President, Mrs. H. R. M. Thom; Secretary, Mrs. J. Wheeler.

The Psychic Study Club includes doctors, lawyers, manufacturing executives, real estate men, writers, scientifically trained men, business women, teachers, and women engaged in managing their homes and in rearing their children. Their lives are distinctly matter of fact and unemotional. Perhaps the outstanding characteristic of the members is their normality. Persons who are high strung, nervous, or who have strong religious prejudices, or who have a tendency to be gullible—would not find the group congenial. Honest skepticism is not only desirable—but welcomed.

* * *

BOSTON SOCIETY FOR PSYCHIC RESEARCH. 346 Beacon St., Boston, Mass. Founded in May, 1925. Executive Research Officer, Dr. Walter Franklin Prince.

OBJECTS: 1. The investigation of all those alleged supernormal phenomena the study of which is generally embraced under the term "psychic research." 2. The collection and preservation, critical study and publication, of data on such subjects. 3. The formation of a library on subjects included in, or helpful to, psychic research. 4. Whatever tends to forward the objects already named, or to inform and assist students and inquirers in this field of research.

DECLARATION OF PRINCIPLES

1. Character of the Work.

(a) The primary work of the Society is investigation and the publication of results, either its own or such as are originally contributed to it. Whatever other activities may seem desirable, none shall be permitted to encroach upon or to hamper this work of first importance.

(b) All research work under the auspices of this Society shall be undertaken with the sole aim of ascertaining truth. The Society shall not assume collectively to express or propagate any interpretations of phenomena investigated.

2. Qualification and Privileges of Members.

(a) Membership in this Society shall be deemed to express sympathy with its principles and the purposes of forwarding its declared objects.

(b) Every member of the Society is entitled to his own opinions regarding the facts and their explanation, and membership shall not imply that he is committed to any particular views.

3. Rights and Limitations of Contributors.

Every writer whose contribution is accepted for reading or publication is solely responsible for his statements and opinions, and none is entitled to utter them in the name of the Society.

4. Rights of Investigators.

(a) Research on the part of officers intrusted with this work is to be free and untrammeled. They shall have discretionary power to investigate such matters and by such means as they deem best. But they are entitled to have, and shall be provided with, fit advisers.

(b) No official or voluntary investigator shall be liable to discharge, censure or other disabilities because of his opinions in regard to any case or class of cases, but only for proved incompetency, or for conducting his work in an unethical or unbecoming manner, or for behavior otherwise injurious to the Society.

5. Treatment of Psychics.

The good faith of every "psychic" is to be assumed until the contrary is proved, and, in the meantime, he or she is to be treated by the agents of the Society with all courtesy and consideration. Conditions alleged to be necessary for phenomena are to be respected, but if these are manifestly unfavorable to investigation, the burden of proof of such necessity shall rest upon the claimant.

6. Criticism and Discussion.

The Society welcomes intelligent criticism and discussion, but is not bound to consider such as rests upon dogmatic assumptions, or begs the questions at issue, or evinces no disposition to face the facts squarely and treat them fairly.

MORRIS PRATT INSTITUTE. Whitewater, Wisconsin. The first permanent institution of learning ever established under the auspices of Spiritualism.

Morris Pratt Institute was established by the late Morris Pratt, a citizen of Whitewater, Wis. Being convinced that there should be a school conducted under the auspices of Spiritualism, free from religious prejudices and misconceptions, he deeded the building and land upon which it stands, free of all encumbrances, to seven well known Spiritualists as Trustees.

The objects of the organized movement of Spiritualism may be stated in part as follows:

To teach the truths and principles expressed in the Declaration of Principles and in the Definitions of "SPIRITUALISM," "A SPIRITUALIST" and "A MEDIUM," as adopted by the National Spiritualist Association of the United States of America.

To teach and proclaim the science, philosophy and religion of modern Spiritualism, to encourage lectures on all subjects pertaining to the Spiritual and Secular welfare of mankind. To protest against every attempt to compel mankind to worship God in any particular or prescribed manner. To protect and encourage spiritual teachers and mediums in all laudable efforts in giving evidence or proof to mankind of a continued intercourse and relationship between the living and the so-called dead. To encourage every person in holding present beliefs always open to re-statement as growing thought and investigation reveal new truth, thereby leaving every individual free to follow the dictates of reason and conscience in spiritual as in secular affairs.

Declaration of Principles

1. We believe in Infinite Intelligence.

2. We believe that the phenomena of nature, both physical and spiritual, are the expression of Infinite Intelligence.

3. We affirm that a correct understanding of such expression and living in accordance therewith, constitute true religion.

4. We affirm that the existence and personal identity of the individual continue after the change called death.

5. We affirm that communication with the so-called dead is a fact, scientifically proven by the phenomena of Spiritualism.

6. We believe that the highest morality is contained in the Golden Rule: "Whatsoever ye would that others should do unto you, do ye also unto them."

7. We affirm the moral responsibility of the individual, and that he makes his own happiness or unhappiness as he obeys or disobeys Nature's physical and spiritual laws.

8. We affirm that the doorway to reformation is never closed against any human soul here or hereafter.

"A CALL TO THE REVOLUTION OF THE 'SPIRIT' AGAINST 'MATTER' IN THE NAME OF FREEDOM, OF SPIRIT, OF LIFE AND OF LOVE FOR EVERY HUMAN BEING—

THE WORLD'S BLOODLESS REVOLUTION."

By

His Imperial Highness, Alexander, The Grand Duke of Russia

I have decided to write a few explanatory words to those of my friends who have heard and have shown more than a general interest in my ideas.

In my lectures I was bound by the request of my Manager to speak primarily about the experiences and incidents of my life and have only been able to insert in the history of it, my basic outlooks on human life. But in truth the only thing which interests me and the sole reason for my coming to America is to explain my deep convictions, which are the results of the lesson which my long eventful life has taught me.

I had in life everything which, according to the current idea, represents the greatest happiness. I had power, limitless means, not knowing the value of money. I had a position which placed me above any laws, the fate of men depended on my word or gesture; but the great Revolution broke out and on a certain morning, I awakened to the realization that I had nothing. I had lost all and had been deprived of all the so-called blessings of life.

Every material thinking man would have felt himself deeply miserable but I, for the first time in my life, felt full freedom from all the useless burdens which attached me to earth and bent me to it. More and more was I absorbed by the feeling of true, cloudless happiness.

How did it happen? The reason of it was that, having lost everything, I had not lost my soul which, being freed from captivity, began to talk in me and to me. It raised me above the trivialities of life and assigned me to ways of that real happiness which is the result of following the fundamental law of the world—the law of love in our spiritual and material life.

When we follow the law of love, of which Christ was the Revealer, we give our soul the possibility of getting into contact with the superior powers, and with the Supreme Power which we call God. That is the way on which the revaluation of all the seeming values takes place, on which the true values come into play and on which we are led to true freedom and true happiness.

The response which my lectures met in America, the attention to the ideas which I am promulgating call for something definite, but above all the inner voice which first spoke to me forced me to pass from words to action.

It is essential that we form an organization which will unite women and men of persons who place the interests of spiritual development and the domination of who think along the same lines as I do. One must create a new and unique center the spirit in the current daily life as the principal point of their existence. This organization must have as its first aim the spiritualization of the educational system and then adapt it to the development of a spiritual character.

This organization must develop on broad lines, actively fighting against the existing solely materialistic outlook on life. With the help of articles, pamphlets, books and lectures we must unveil the fundamental false basis of our present life, which is the cause of all the calamities of modern humanity—the cult of materialistic principles.

Special types of teachers must be prepared for the schools and special manuals written in which the ethic principles must be bound together with the spiritualization of life and with the fundamental law of the spiritual life—the law of love.

The organization and the centre will gradually come to the realisation of the need of the spiritualisation of the penal code and of legislation. People will come to understand that the penalty of death is inconsistent with the interests of the spiritual development of humanity.

The inter-murder en masse, which is called War, must be disavowed and prevented in the future by the inculcation of peace ideas in the education of the child. This can be done only from the standpoint of recognizing the rights of the soul and the spiritualization of our life on the basis of the law of love. The organizing centre must be built according to a special plan and by the creation of a number of committees and allied sections.

I am working on the formulation of this plan and would like to know if you will be ready to cooperate and work with me. The material side of the plan will be developed later, when a group of active promoters has formed itself.

Address all communications to

ALEXANDER, GRAND DUKE OF RUSSIA.

Permanent address, Ritz Carlton Hotel,
Madison Avenue and 46th Street, New York, N. Y.

NOTE:—All those in whose heart the words of the Grand Duke strike a responsive chord, and who desire to join in his effort to form a "Fellowship of Humanity," as a "Legion of Christ," and "Spiritual Democracy," to practice "The Religion of Love," are urged to communicate their sentiments to His Imperial Highness at the above address. Definitions Adopted by the National Spiritualist Association October 9, 1914, and October 24, 1919

1. Spiritualism is the Science, Philosophy and Religion of continuous life, based upon the demonstrated fact of communication, by means of mediumship, with those who live in the Spirit World.

2. A Spiritualist is one who believes, as a part of his or her religion, in the communication between this, and the spirit world by means of mediumship, and who endeavors to mould his or her character and conduct in accordance with the highest teachings derived from such communion.

3. A Medium is one whose organism is sensitive to vibrations from the spirit world, and through whose instrumentality, intelligence in that world are able to convey messages and produce the phenomena of Spiritualism.

"Spiritualism Is a Science" because it investigates, analyzes and classifies facts and manifestations, demonstrated from the spirit side of life.

"Spiritualism Is a Philosophy" because it studies the laws of nature both on the seen and unseen sides of life and bases its conclusions upon present observed facts. It accepts statements of observed facts of past ages and conclusions drawn therefrom, when sustained by reason and by results of observed facts of the present day.

"Spiritualism Is a Religion" because it strives to understand and to comply with the Physical, Mental and Spiritual Laws of Nature, "which are the laws of God."

What Spiritualism Is and Does

It teaches personal responsibility.
It removes all fear of death, which is really the portal of the spirit world.
It teaches that death is not the cessation of life, but mere change of condition.
It teaches, not that a man has a soul, but that man is a soul, and has a body.
That man is a spiritual being now, even while encased in flesh.
That as man sows on earth he reaps in the life to come.
That those who have passed on are conscious—not asleep.
That communion between the living and the "dead" is scientifically proved.
It thus brings comfort to the bereaved, and alleviates sorrow.

Spiritualism is the Science, Philosophy and Religion of continuous life, based upon the demonstrated fact of communication, by means of mediumship, with those who live in the Spirit World.

It brings to the surface man's spiritual gifts, such as inspiration, clairvoyance, clairaudience and healing powers.

It teaches that the spark of divinity dwells in all.

That as a flower gradually unfolds in beauty, so the spirit of man unfolds and develops in the spirit spheres.

Spiritualism is God's message to mortals, declaring that There Is No Death. That all who have passed on still live. That there is hope in the life beyond for the most sinful.

That every soul will progress through the ages to heights, sublime and glorious, where God Is Love and Love Is God.

It is a manifestation, a demonstration, and a proof of the continuity of life and of the truth of the many Spirit manifestations recorded in the Bible.

It demonstrates the many Spiritual gifts with which mankind is endowed but which through want of knowledge have been allowed to lay dormant, or through prejudice have been violently and unjustly suppressed.

"In the awakening light of this new apprehension, the flimsy world quivers and shakes, rigid solids flow and mingle, all our material limitations turn to graciousness."—HINTON.

WANDA
Tipping Table

Is conceded to be one of the most interesting instruments for Spirit Communication. EVERY DAY brings a new avalanche of letters telling of messages that are Startling and Convincing.

EVIDENCE

One of the best known authorities on Psychic Phenomena in this country has this to say of the Wanda Tipping Table:

"In the hands of serious-minded people seeking light, and under conditions of harmony, I believe the Wanda Tipping Table will prove a boon to multitudes in settling all doubts of a future life and giving them communion with Spirit Friends and imparting Spiritual Knowledge."

(Signed) B. F. Austin, A.M., D.D.

(Dr. Austin is Editor and Publisher of "Reason Quarterly," a magazine devoted to such matters, and author of numerous books on psychic phenomena.)

"It may interest you to know that I have not only enjoyed the use of the Wanda Tipping Table in entertaining our friends at home, but have actually been intelligently advised by this marvelous table in business deals that have netted me large profits.

"I am now working out a plan whereby this table will work in conjunction with the RADIO GOLD & SILVER DETECTOR in helping me locate HIDDEN TREASURES.

"Preliminary tests point toward success in this new field.

"Just want to add that I would not be without one."

(Radio Research Laboratories, Manufacturers of Radio Gold Detecting Instruments.)
(Signed) Tracy J. Burchard, President.

"I have greatly enjoyed your table. I believe that by a sane and proper use of this table much can be done to impress the subconscious mind with constructive thoughts; thoughts of health, happiness and success. The operation of this table while thinking in such terms cannot but have a beneficial result upon the subconscious mind, which either makes or breaks a person in his affairs of life."

(Signed) Griffith Jones.

(Griffith Jones is a prominent Los Angeles attorney and nationally known lecturer on psychology. He lectures regularly over KFI, Los Angeles, on psychology and success and his book, "The Elimination of Fear," has enjoyed a circulation of hundreds of thousands."

N. B.—This table is Ouija Board size with 6-inch legs and stands on separate base which rest upon knees of operators.

Books on Psychic Science and Psychic Enfoldment

By DR. J. C. F. GRUMBINE

"CLAIRVOYANCE—THE LAW OF SCIENCE OF ITS EXPRESSION." First practical book written on this subject. A technical book, most valuable because it shows one how to penetrate the veil of sense, see spirits, enter consciously into communion with the denizens of the Spirit World and realize one's spiritual perception as did Jesus, Appolonius, Mohamet, Swedenborg and countless others. Tenth thousand. Cloth, $1.75.

"CLAIRAUDIENCE." A book of original technical information, with rules and experiments for students who wish to unfold the deeper, spiritual hearing of the soul, so that they may talk with their own departed loved ones and hear their dear voices. This is, without question, a wonderful book and there is a reason for the thousands of copies sold of this book, also of Clairvoyance. The two go together. Clairaudience, paper, 80c.

"AURAS AND COLORS." Tenth thousand. One of the most fascinating and original books ever written. It gives a dictionary of color meanings, by which you know what emotional effect and psychic influence colors have upon yourself.

"TELEPATHY, the Science of Thought Transference." This is the best and most powerful weapon in the hands of the psychologist and psychic students to discredit materialism. Here any student may learn how to transfer thought from mind to mind, regardless of distance, give absent treatments and be certain that the results will be definite and sure. Fifth thousand. Cloth, $1.75; paper, 80c.

"PSYCHOMETRY, or the Sixth Sense." The first scientific work ever written on this enchanting and new subject. Eighth thousand. Paper, 80c.

Thirty Years Among the Dead

By CARL A. WICKLAND, M.D.

This book is of unusual interest to students of the problem of an after-life and the relationship between the two planes of existence, visible and invisible. The author does not seek to promulgate an ism or cult but presents the records of thirty years' experimental research in this obscure field in the interest of psychological science—normal and abnormal. The evidence obtained, with the assistance of Mrs. Wickland, the author's wife, whose remarkable psychic endowment has made direct contact with the invisible world possible, has indubitably demonstrated that

DEATH, SO-CALLED, IS A MISNOMER

and that discarnated Intelligences play an important role in human affairs, both for good and for evil.

Unlike all other Books dealing with the Sex Facts of Life, "The HONEY-COMB" comes with a Courageous Solution, Unique, Logical, Fascinating and All Compelling. Giving Understanding and Vision of The Mystery of Sex, The Great Secret,—Know Thy Self—Self Mastership.

REV. C. C. PIERCE DECLARES:

"Into this marvelous field, Ruth Van Saun has gone with the enthusiasm of the Mother, the sweetness of the LOVER, the courage of the PIONEER, the earnestness of the HERO, and the charm of the POET. I doubt if anything so great on these fascinating subjects has ever before been written."

"It does not seem possible that the Naked-Truth regarding so many vital questions could be so accurately and entertainingly presented, especially Life's Great Problems of Evolution, Karma and Re-incarnation. The subjects dealt with are those in which every human-being is interested, and Ruth Van Saun puts the question right up to the reader in such a way as to leave no room for doubt as to what His or Her Life-Duty may be."

"To read 'The HONEY-COMB' is to Glimpse into The Inter-National Coming Events."

"Reading 'The HONEY-COMB' is like re-reading Hamlet, or re-hearing Wagner's incomparable music. 'The HONEY-COMB' has all the elements of greatness. It is Written For All Time."

PROPHECIES OF GREAT CHANGES COMING

A new day is dawning; the long night is spent, and the day has now come when God's Kingdom will become a reality on the earth plane. It has been prophecied and will be fulfilled. The world is passing through the throes of a new birth. What has occurred in the past few years, the world war, earthquakes, floods, etc., are minor occurrences compared to what is to take place in the next decade or two. Hate, greed, national jealousies, etc., have become too deep-rooted to reform. Evil contains within itself the elements of its own destruction. Read this book and learn what the prophets, seers and enlightened minds are foreseeing. 32 page booklet, 25 cents. 5 copies for a dollar. Sample copy of The Aquarian Age will be sent free with each book.

THIS SHOULD INTEREST YOU!

Do you know you owe it to yourself to learn the laws of mediumship? Ignoring them does not save you from obsessing influences. Very few insane people have any knowledge of occult forces—statistics prove this. Some of the greatest tragedies of history have been the result of ignorance of this vital phenomenon. Learn how to unfold your psychic and mediumistic faculties; how to protect yourself from undesired astral influences—many of whom impersonate great masters and deceive the student. Only by their works can you know them. Let your belief or disbelief be based on knowledge, rather than prejudice or ignorance. The SPIRITUALIST MONTHLY is a sane, diversified teacher of occult facts. A consistent study of it will illuminate you. Sample copy 20 cents; $2.00 one year; $2.50 foreign. Published by

"AUROSPECS"

MEANS

Kilner Screens Perfected

The late Dr. W. J. Kilner, B.A., M.B. (Cantab), M.R.C.P., etc., was the medical electrician at St. Thomas's Hospital, London. He regularly used the dicyanine screen to diagnose disease.

His book, "The Human Atmosphere," created a sensation, because it means that he has discovered a mechanical method of adjusting the focal range of the eye so that previously invisible forces can be seen. This applies particularly to the aura, which is usually shown by artists as a halo around the heads of saints. He also claimed to see an etheric body otherwise known as the spiritual body or psychic organism.

HE CLAIMED THAT 95 PER CENT CAN SEE THE AURA

Modern Clairvoyants, who diagnose disease, do this habitually, but believe they are specially favoured.

IN OTHER WORDS, Dr. Kilner asserts that NINETY-FIVE PEOPLE out of EVERY HUNDRED can be

MADE CLAIRVOYANT.

His experiments also proved that regular use of Dicyanine strengthens the sight of presbyopic people.

WHAT KILNER SAW, OTHERS MAY SEE.

Some are able to see the aura immediately; others develop the power gradually by accustoming their eyes to a newer focal range by the steady, regular use of "Aurospecs."

The original screen was formed from optically perfect glasses cemented together, enclosing a specially compounded solution of alcoholised dicyanine. The great expense of this combination—two to four guineas being the usual charge—prohibited general use, and led to substitution of coloured water, coloured glass, and gelatines, which, being quite useless for the purpose, brought ridicule upon the subject. To guard against this deception, we have registered the word

''AUROSPECS,''

and provisionally patented a combination which perfects Dr. Kilner's formula, and so materially reduces the cost, that **it is now possible to become a seer yourself at the price usually paid for one seance** with a professional clairvoyant. **ONE GUINEA ONLY.**

As Dr. Kilner's statements are somewhat misleading to the uninitiated, and so much misconception exists on the subject, we have hitherto refused to sell **"AUROSPECS"** unless purchasers have read his book **AND** our lessons on clairvoyance and trance, but as our Four Postal Lessons on "Aura, Auricsight, Aurospecs, Kilner," contain sufficient details for Spiritualists or Occultists, we make the following offer:—

To readers of these Lessons, post free 2/6 (.75),
"AUROSPECS" WILL BE FORWARDED POST FREE for ONE GUINEA ($5.00).

We can forward at the same time
